## UNITED NATIONS 'RUNNING OUT OF CASH'

Michelle Nichols, REUTERS.com

(EXCERPT)-

Guterres said in a letter sent to member states on Wednesday that as of June 30, the core U.N. budget had a deficit of \$139 million and the United Nations had “never faced such a difficult cash flow situation this early in the calendar year.”

“An organization such as ours should not have to suffer repeated brushes with bankruptcy. But surely, the greater pain is felt by those we serve when we cannot, for want of modest funds, answer their call for help,” Guterres wrote.

### As we pointed out in last month's newsletter:

The He Goat written of in Daniel 8 is The Shadow Government of The Kenites (The Goat Fig Nation who operate throughout the globe through their Four Hidden Dynasties of Education, Economics, Politics and Religion) and the Great Horn of The He Goat, in our opinion, is the United Nations. Just as The League of Nations provided the skeletal structure for the U.N., the skeletal structure for the 'NEW World Order' will be provided by the United Nations once it is “broken” as it is written in Daniel 8:8. This is also spelled out on the Last Page of The Grand Chessboard by the late Zbigniew Brzezinski where he calls for “an eventual upgrading of the existing and increasingly antiquated U.N. structures”.

With the United States pulling out of the United Nations Human Rights Council after announcing budget cuts to the U.N. in December of 2017 after also pulling out of UNESCO, another U.N. Agency, in October (two days after Henry Kissinger said he was in the oval office “at a time when the opportunity to build a constructive peaceful WORLD ORDER is very great.”) **The Breaking of The Great Horn of The He Goat is evidently underway.**

## THE DEEP STATE IS REAL & TRUMP IS ITS LATEST TOOL

By John Whitehead, RUTHERFORD.org

“Behind the ostensible government sits enthroned an invisible government, owing no allegiance and acknowledging no responsibility to the people.”

— Theodore Roosevelt

(EXCERPT)- With Trump's blessing, the military's budget—with its trillion dollar wars, its \$125 billion in administrative waste, and its contractor-driven price gouging that hits the American taxpayer where it hurts the most—will continue to grow.

Borrowing a leaf from his buddies in China, Russia and North Korea, Trump is even planning a \$12 million military parade on November 10 to showcase the nation's military might.

Follow the money.  
It always points the way.

The corporations are getting richer, average Americans are getting poorer, the military is getting more militaristic, America's endless wars are getting more endless, and the prospect of peace grows ever dimmer.

This is exactly how you keep the Deep State in power.

We've been losing our freedoms so incrementally for so long—sold to us in the name of national security and global peace, maintained by way of martial law disguised as law and order, and enforced by a standing army of militarized police and a political elite determined to maintain their powers at all costs—that it's hard to pinpoint exactly when it all started going downhill, but we're certainly on that downward trajectory now, and things are moving fast.

The “government of the people, by the people, for the people” has perished.

**MANIFESTATIONS OF THE POLICE STATE COMPLEX  
THAT CONTINUE TO BE ADVANCED BY THE SHADOW GOVERNMENT  
WITH THE FULL SUPPORT OF ITS LATEST ACCOMPLICE IN THE WHITE HOUSE:**

**Global spying.** The NSA's massive surveillance network, what the Washington Post refers to as a \$500 billion "espionage empire," is still spanning the globe and targeting every single person on the planet who uses a phone or a computer. The NSA's Echelon program intercepts and analyzes virtually every phone call, fax and email message sent anywhere in the world. In addition to carrying out domestic surveillance on peaceful political groups such as Amnesty International, Greenpeace and several religious groups, Echelon has also been a keystone in the government's attempts at political and corporate espionage.

**Roving TSA searches.** The American taxpayer is still getting ripped off by government agencies in the dubious name of national security. One of the greatest culprits when it comes to swindling taxpayers has been the Transportation Security Administration (TSA), with its questionable deployment of and complete mismanagement of millions of dollars' worth of airport full-body X-ray scanners, punitive patdowns by TSA agents and thefts of travelers' valuables. Considered essential to national security, TSA programs will continue in airports and at transportation hubs around the country.

**USA Patriot Act, NDAA.** America's so-called war on terror, which it has relentlessly pursued since 9/11, continues to chip away at our freedoms, unravel our Constitution and transform our nation into a battlefield, thanks in large part to such subversive legislation as the USA Patriot Act and National Defense Authorization Act. These laws completely circumvent the rule of law and the rights of American citizens. In so doing, they re-orient our legal landscape in such a way as to ensure that martial law, rather than the U.S. Constitution, is the map by which we navigate life in the United States. These laws will continue to be enforced no matter who gets elected.

**Militarized police state.** Thanks to federal grant programs allowing the Pentagon to transfer surplus military supplies and weapons to local law enforcement agencies without charge, police forces continue to be transformed from peace officers into heavily armed extensions of the military, complete with jackboots, helmets, shields, batons, pepper-spray, stun guns, assault rifles, body armor, miniature tanks and weaponized drones. Having been given the green light to probe, poke, pinch, taser, search, seize, strip and generally manhandle anyone they see fit in almost any circumstance, all with the general blessing of the courts, America's law enforcement officials, no longer mere servants of the people entrusted with keeping the peace, continue to keep the masses corralled, controlled, and treated like suspects and enemies rather than citizens.

**Endless wars.** America's expanding military empire is continuing to bleed the country dry at a rate of more than \$15 billion a month (or \$20 million an hour). The Pentagon spends more on war than all 50 states combined spend on health, education, welfare, and safety. Yet what most Americans fail to recognize is that these ongoing wars have little to do with keeping the country safe and everything to do with enriching the military industrial complex at taxpayer expense.

Are you getting the message yet?

The current president, much like the previous president and his predecessors, is little more than a figurehead, a puppet to entertain and distract the populace from what's really going on.
