LORD ROTHSCHILD SOUNDS ALARM OVER STABILITY OF POST-WAR ORDER

Lord Rothschild warned the post-war world order was at risk on Tuesday due to rising tensions over trade between the US and China and high debt levels in the eurozone.

The Evening Standard, 8-7-18

The financier's £3.2 billion RIT Capital investment vehicle said it was sitting on the sidelines and not adding more to stocks because of fears the 10-year run-up in stock prices could end.

"In 9/11 and in the 2008 financial crisis, the powers of the world worked together with a common approach.

Co-operation today is proving much more difficult.

This puts at risk the post-war economic and security order," the 82-year old said.

As we pointed out in last month's newsletter:

The He Goat written of in Daniel 8 is The Shadow Government of The Kenites (The Goat Fig Nation who operate throughout the globe through their Four Hidden Dynasties of Education, Economics, Politics and Religion) and the Great Horn of The He Goat, in our opinion, is the United Nations. Just as The League of Nations provided the skeletal structure for the U.N., the skeletal structure for the 'NEW World Order' will be provided by the United Nations once it is "broken" as it is written in Daniel 8:8. This is also spelled out on the Last Page of The Grand Chessboard by the late Zbigniew Brzezinski where he calls for "an eventual upgrading of the existing and increasingly antiquated U.N. structures".

With the United States pulling out of the United Nations Human Rights Council after announcing budget cuts to the U.N. in December of 2017 after also pulling out of

UNESCO, another U.N. Agency, in October

(two days after Henry Kissinger said he was in the oval office "at a time when the opportunity to build a constructive peaceful WORLD ORDER is very great.")

The Breaking of The Great Horn of The He Goat is evidently underway.

TRUMP THREATENS TO WITHDRAW FROM WORLD TRADE ORGANIZATION

By True Publica

(EXCERPT)

This week, Trump's administration pushed the WTO closer to the brink by blocking, yet again, the reappointment of another judge at its Geneva-based court that arbitrates trade disputes. With only three judges out of seven left in the WTO, it will now face increasing difficulties in passing rulings on international disputes over tariffs, unfair trade barriers and subsidies. This effectively means that the WTO will not be looked upon as an effective global arbitration service.

Trump has made no secret of his contempt for the WTO. He takes the view that it is far too lenient toward Beijing. And as Politico points out, Trump has often mapped out strategies where the U.S. bypasses the WTO and wins trade wars simply by flexing its muscle as the world's biggest economy. In a world without arbitration, Trump simply thinks he can't lose.

"the WTO is undermining our country's ability to act in its national interest ...

First among those concerns is that the WTO dispute settlement system has appropriated to itself powers that the WTO Members never intended to give it."

KENITE OCCUPIED ISRAEL'S 'FIFTH COLUMN'

By Philip Giraldi, 9-4-18

(EDITOR'S NOTE: This article has been altered to emphasize who the Kenites are and who they are not. The word "Kenite" did not appear in the original article so the alterations SHOULD be obvious.)

Neoconservatives, most of whom are **KENITES** infiltrated the Pentagon under the Reagan Administration and they and their heirs in government and media (**Doug Feith, Paul Wolfowitz, Scooter Libby, Richard Perle, Bill Kristol**) were major players in the catastrophic war with Iraq, which, one of the architects of that war, **Philip Zelikow**, described in 2004 as being all about (**KENITE OCCUPIED**) Israel. The same people are now in the forefront of urging war with Iran.

American policy towards the Middle East is largely being managed by a small circle of **KENITES** working for presidential son-in-law **Jared Kushner**.

One of them, **David Friedman**, is currently U.S. Ambassador to (**KENITE OCCUPIED**) Israel. Friedman, a bankruptcy lawyer who has no diplomatic or foreign policy credentials, is a **KENITE** who is also a supporter of the illegal settlements on the West Bank and a harsh critic of other **KENITES** who in any way disagree with the (**KENITE OCCUPIED**) Israeli government. He has contributed money to settlement construction, which would be illegal if OTFI were doing its job, and has consistently defended the settlers while condemning the Palestinians in speeches in (**KENITE OCCUPIED**) Israel. He endlessly and ignorantly repeats (**KENITE OCCUPIED**) Israeli government talking points and has tried to change the wording of State Department communications, seeking to delete the word "occupied" when describing (**KENITE OCCUPIED**) Israel's control of the West Bank.

Friedman's top adviser is **Rabbi Aryeh Lightstone**, who is described by the Embassy as an expert in **KENITE** education and pro-(**KENITE OCCUPIED**) Israel advocacy. Once upon a time, in an apparently more enlightened mood, Lightstone described Donald Trump as posing "an existential danger both to the Republican Party and to the U.S." and even accused him of pandering to **KENITE** audiences. Apparently when opportunity knocked he changed his mind about his new boss. Pre-government in 2014, Lightstone founded and headed Silent City, a **KENITE** advocacy group supported by extreme right-wing money that opposed the Iran nuclear agreement and also worked to combat the nonviolent Boycott, Divestment and Sanctions (BDS) movement. He is reportedly still connected financially with anti BDS groups, which might be construed as a conflict of interest. As the Senior Adviser to Friedman he is paid in excess of \$200,000 plus free housing, additional cash benefits to include a 25% cost of living allowance and a 10% hardship differential, medical insurance and eligibility for a pension.

So, what's in it all for Joe and Jill American Citizens? Not much. And for (**KENITE OCCUPIED**) Israel? Anything, it wants, apparently. Sink a U.S. warship? Okay. Tap the U.S. Treasury? Sure, just wait a minute and we'll draft some legislation that will give you even more money. Create a treasury department agency run exclusively by **KENITES** that operates secretly to punish critics of the **KENITE** state? No brainer. Meanwhile a bunch of dudes at the Pentagon are dreaming of new wars for (**KENITE OCCUPIED**) Israel and the White House sends an ignorant ambassador and top aide overseas to represent the interests of the foreign government in the country where they are posted. Which just happens to be (**KENITE OCCUPIED**) Israel. Will it ever end?
