## PAGE 231 OF 'WORLD ORDER' BY HENRY KISSINGER

US President Donald Trump has engaged in denuclearisation talks with North Korean leader Kim Jong-un. Although the negotiations failed to achieve substantial results, it was the first time that the heads of the US and North Korea had engaged in direct talks since the creation of the Democratic Republic of North Korea. CONFRONTATION OR PARTNERSHIP?**

"For the Pyongyang regime, abandoning nuclear weapons may well involve political disintegration. But abandonment is precisely what the United States and China have publicly demanded in the UN resolutions that they have fostered. The two countries need to coordinate their policies for the contingency that their stated objectives are realized. **WILL IT BE POSSIBLE TO MERGE THE CONCERNS AND GOALS OF THE TWO SIDES OVER KOREA? ARE CHINA AND THE UNITED STATES ABLE TO WORK OUT A COLLABORATIVE STRATEGY FOR A DENUCLEARIZED, UNIFIED KOREA THAT LEAVES ALL PARTIES MORE SECURE AND MORE FREE? ### EDITOR'S NOTE:

There will be no 'new world order' until Satan and his angels are cast to earth at the woe of the fifth trumpet at the beginning of the five month long hour of temptation. Only then does the one world political system written of in Revelation 13 come into being which then receives a 'deadly wound' after which Satan appears as the false christ and it becomes a one world religious system at the woe of the sixth trumpet. The True Christ will not return until immediately after the five month long hour of temptation at the woe of the seventh trumpet.

## RUSSIA GAINS STRANGLEHOLD OVER PERSIAN GULF

(oilprice.com, 8-4-19)

### (EXCERPT)

In a potentially catastrophic escalation of tensions in the Persian Gulf, Russia plans to use Iran's ports in Bandar-e-Bushehr and Chabahar as forward military bases for warships and nuclear submarines, guarded by hundreds of Special Forces troops under the guise of 'military advisers', and an airbase near Bandar-e-Bushehr as a hub for 35 Sukhoi Su-57 fighter planes. *OilPrice.com* has exclusively been told by senior sources close to the Iranian regime.

The next round of joint military exercises in the Indian Ocean and the Strait of Hormuz will mark the onset of this in-situ military expansion in Iran, as the Russian ships involved will be allowed by Iran to use the facilities in Bandar-e-Bushehr and Chabahar. Depending on the practical strength of domestic and international reaction to this, these ships and Spetsnaz will remain in place and will be expanded in numbers over the next 50 years.

This gradual roll-out of Russian capability in a country is the Kremlin's tried and tested operating procedure for leveraging economic and/or political support for a country into that country allowing itself to be used as, effectively, one large multi-level forward military base for Russia. Exactly the same plan was used, and remains in place, in Syria...

**'A prolonged phase of gradually expanding cooperation with key Eurasian partners, both stimulated and arbitrated by America, can also help to foster the preconditions for an eventual upgrading of the existing and increasingly antiquated UN structures. A new distribution of responsibilities and privileges can then take into account the changed realities of global power, so drastically different from those of 1945.'**

# HONG KONG IN THE CROSSHAIRS OF GLOBAL POWER AND IDEOLOGICAL STRUGGLES

(globalresearch.ca, 8-19-19)

*Hong Kong is one of the most extreme examples of big finance, neoliberal capitalism in the world.  
As a result, many people in Hong Kong are suffering from great economic insecurity in a city with 93 billionaires, second-most of any city.*

(EXCERPT) Hong Kong is suffering the effects of being colonized by Britain for more than 150 years following the Opium Wars. The British put in place a capitalist economic system and Hong Kong has had no history of self-rule. When Britain left, it negotiated an agreement that prevents China from changing Hong Kong's political and economic systems for 50 years by making Hong Kong a Special Administrative Region (SAR).

China cannot solve the suffering of the people of Hong Kong. This 'One Country, Two Systems' approach means the extreme capitalism of Hong Kong exists alongside, but separate from, China's socialized system.

Hong Kong has an unusual political system. For example, half the seats in the legislature are required to represent business interests meaning corporate interests vote on legislation.

Hong Kong is a center for big finance and also a center of financial crimes. Between 2013 and 2017, the number of suspicious transactions reported to law enforcement agencies rocketed from 32,907 to 92,115.

There has been a small number of prosecutions, which dropped from a high of 167 in 2014 to 103 in 2017. Convictions dropped to only one person sentenced to more than six years behind bars in 2017.

The problem is neither the extradition bill that was used to ignite protests nor China, the problems are Hong Kong's economy and governance.

## THE WAR ON YEMEN: HOW FAR WILL THE SAUDI-UAE CONFRONTATION GO?

(globalresearch.ca, 8-18-19)

*Saudi Arabia and the UAE, increasingly wary allies of one another in the War on Yemen, are poised to sharpen their competition in the Red Sea-Horn of Africa region to the point of becoming "frenemies" amidst both parties' efforts to forge different coalitions in this strategic space through which the vast majority of European-Asian trade traverses.*

Most observers agree that the UAE's planned military drawdown from Yemen sharpened the competition between that country and its Saudi allies in the war, but the fact of the matter is that the general dynamic of these two GCC countries becoming rivals of one another actually started at the onset of that campaign.

The Emirates leveraged its influence in the Horn of Africa to set up a military base in Eritrea, after which it helped broker an historic peace between that nation and its Ethiopian neighbor. This gave Abu Dhabi strategic depth in Africa's second most populous state and its fastest growing economy, which also happens to be Beijing's top partner in the continent and a promising future exporter of large-scale agricultural products to the Gulf.

While that was happening, the UAE also solidified its military control over Yemen's island of Socotra at the entrance to the Gulf of Aden on top of reinforcing its influence in the breakaway region of "Somaliland", which altogether resulted in it becoming a transregional power in de-facto control of the strategic space through which the vast majority of European-Asian trade traverses.

The UAE already appears to be hedging its bets and preparing for the possibility of pivoting away from the Saudis if need be in spite of Abu Dhabi **Crown Prince Mohammed Bin Zayed (MBZ)** being his Saudi counterpart **Mohammed Bin Salman's** (MBS) unofficial mentor.  
The Emirates just entered into maritime talks with Iran for the first time in years...

### EDITOR'S NOTE:

**Again, we are still in the wars and rumors of wars stage where both the lion and the bear of Daniel 7 are being formulated while at the same time the stage is being set for the two to merge together in the global political system (a.k.a. the new world order) that will not come into being until the woe of the fifth trumpet. there is no lion or bear yet. It is not until satan and his angels are cast to earth that the 'four notable ones' (the lion, the bear, the leopard and the fourth beast) come into being when they rise up together in the global political system at the same time at the woe of the fifth trumpet.**
