THE MAINSTREAM MEDIA IS NOT YOUR FRIEND

The United Nations represents not a final stage in the development of world order, but only a primitive stage. Therefore its primary task is to create the conditions which will make possible a more highly developed organization.

John Foster Dulles

'As Beijing tries to retool the U.N. and other international institutions to its advantage, it is leaving in its wake a global system that has been knocked off balance by the absence of the steadying leadership of the United States. Even amid a global pandemic, Washington continues to send equivocal signals about its commitment to multilateralism.'

China's attempts to make the U.N. a tool for achieving its hegemonic ambition could end up destroying the body from within.

U.S. Secretary of State Antony Blinken

'asserted in his Security Council remarks that the U.N. remained a critical force for good in the world but was now under severe threat.'

"Nationalism is resurgent, repression is rising, rivalries among countries are deepening -- and attacks against the rules-based order are intensifying," Blinken said. "Some question whether multilateral cooperation is still possible.

The United States believes it is not only possible, but imperative."

As we get closer and closer to the five month long hour of temptation, we will continue to see the **two warring factions of internationalists** (the advocates of a unipolar world order vs. the advocates of a multipolar world order) fight against each other, mainly through the electronic propaganda of the hidden dynasty of education, up until the woe of the fifth trumpet when the United Nations (which is most likely the great horn of the he goat of Daniel 8:8, with the he goat itself being symbolic of the shadow government of the sons of Cain) is finally 'broken' which coincides with Satan and his fallen angel locust army being cast from heaven to earth.

Only then does the one world political system written of in Revelation 13 (the **new** world order) come into being which then receives a 'deadly wound' after which Satan appears as the false christ and the new world order becomes a one world religious system at the woe of the sixth trumpet.

CHINA, RUSSIA LOOK TO OUTFLANK U.S. IN AFGHANISTAN

FOREIGNPOLICY.COM 9-2-21

(EXCERPT)

In recent weeks at the United Nations, China, Russia, and Pakistan have openly challenged three central pillars of a potential U.S. diplomatic pressure effort: the threat of international sanctions, the withholding of diplomatic recognition, and the restriction of reconstruction aid for the Taliban as they try to form a new government.

In an address to the U.N. Security Council, a senior Chinese diplomat, Geng Shuang, said it was time to bring the Taliban into the international fold and hold U.S. and other Western forces accountable for crimes in Afghanistan.

Russia also took issue with the U.S.-led evacuation effort, noting how the ensuing "brain drain" of Afghan professionals threatens to jeopardize the country's effort to run the government and pursue the country's development goals.

'A prolonged phase of gradually expanding cooperation with key Eurasian partners, both stimulated and arbitrated by America, can also help to foster the preconditions for an eventual upgrading of the existing and increasingly antiquated UN structures. A new distribution of responsibilities and privileges can then take into account the changed realities of global power, so drastically different from those of 1945.'

**WITH ITS PLAN TO UNITE EURASIA FROM SEA TO SEA,
RUSSIA IS BETTING THE DAYS OF TOTAL US ECONOMIC SUPREMACY
ARE NOW COMING TO AN END**

(EXCERPT)

The objective of the Greater Eurasian Partnership is to develop a geoeconomic infrastructure that supports a multipolar political system, replacing the declining US-centred format of globalisation of previous decades.

Geoeconomics can be used either for dominance and hegemony, to create a system of 'sovereign unequals', or it can be used to establish a multipolar system of 'sovereign equals'.

Either way, geoeconomic power entails the ability to skew the symmetry of dependence. Simply put, when one side is more dependent than the other, the less dependent and more powerful state can extract concessions and political power.

The Greater Eurasian Partnership aims to facilitate the natural reorganisation of the international economic system as the era of US global primacy comes to an end.

Decentralisation away from a US-focused system will be achieved with economic connectivity across Greater Eurasia, and by diversifying and creating pockets of national strategic autonomy to avoid excessive reliance on any one state.

In a multipolar system, there is a balancing mechanism against states that use asymmetrical economic dependence as a tool for unwarranted political influence, or as a weapon. Thus, both adversaries and allies are pursuing strategic autonomy from an increasingly coercive US.

Similarly, if Beijing uses other states' economic dependence to bully or extract excessive political concessions, then there are a multitude of other centres of power that will reduce their reliance on China. This mechanism suggests China will have incentives to be the 'first among equals', as opposed to seeking dominance and hegemony.

EDITOR'S NOTE:

The events written of in Revelation 13 are **entirely yet future** and do not begin until the woe of the 5th trumpet when Satan and his angels (Daniel's fourth beast) are cast to earth which is when the lion, the bear, the leopard and Daniel's fourth beast all rise up together at the same time in a one world political system (the new world order) which then receives a deadly wound after which Satan appears as the antichrist (which means 'instead-of-Christ') and the one world political system at that time becomes a one world religious system at the woe of the 6th trumpet.
