THE UNITED NATIONS IS SPLINTERED AND DYSFUNCTIONAL

The possibility of a Russian victory in Ukraine has caused panic among Russia's neighbours in Central and Eastern Europe, as well as governments across Central and East Asia. If Russia, a nuclear power, can invade its much smaller neighbour and prevail, what is to stop Mr Putin from going after Poland next, or China from invading Taiwan?

While the world desperately needs a unified strategy, the UN is splintered and dysfunctional. After Russia vetoed a Security Council resolution denouncing its invasion at the beginning of the war, the UN General Assembly has passed toothless resolutions, including one on February 23rd calling for Russia's immediate withdrawal. Faced with the biggest threat to global stability in a generation, it seems that the body created to oversee and defend the international liberal order cannot stop it from unravelling.

"We all understand that this conflict is not between Russia and Ukraine. This conflict is between the two blocks of multipolarity and of the unipolarity. Unfortunately, Ukraine is being held as the life shield of unipolar world."

-Darya Dugina (1992-2022)

The multipolarist Kenites vs. the unipolarist Kenites within the he goat (which is symbolic of their shadow government which is split into two warring factions) is what "nation shall rise against nation" means i.e. the Kenite Nation rising up against itself.

This war within the shadow government of the sons of Cain will continue to be fought through their puppets within the governmental infrastructures throughout the globe using unipolar vs. multipolar globalism up until the great horn of the he goat of Daniel 8:8 which is the United Nations (in my opinion) gets broken which is when the so-called new world order will emerge at the woe of the fifth trumpet which then receives a deadly wound and then Satan will appear as the false christ at the woe of the sixth trumpet which is when the new world order becomes a one world religious system.

PUTIN WELCOMES CHINA'S XI TO KREMLIN AMID UKRAINE FIGHTING

(APnews.com., 3-20-23)

(EXCERPT)

The Kremlin leader welcomed China's proposals for a political settlement in Ukraine and noted Russia is open for talks.

"We will discuss all those issues, including your initiative that we highly respect," Putin said.

"Our cooperation in the international arena undoubtedly helps strengthen the basic principles of the global order and multipolarity."

Both Moscow and Beijing have accused Washington of trying to isolate them and hold back their development as they challenge it for regional and global leadership.

EDITOR's NOTE:

Through the electronic media (which is part of the hidden dynasty of education) the Kenites and their minions on the multipolar end of the globalist spectrum continue to attempt to talk the multipolar world order into existence while the unipolarist Kenite oligarchs aim to perpetuate Western Hegemony (via the electronic media) in order to eventually segue into an uncontested unipolar world order but no matter how much 'the robbers of thy people' continue to 'exalt themselves to establish the vision' (meaning the vision of a global government) the one world system of Revelation 13 will not emerge until the woe of the fifth trumpet when Satan and his angels get cast to earth.
